

Vice-President Elect's Report

November 17, 2004

This past summer I participated in the strategic planning retreat in Tallahassee, Florida with Terry Thibidoux, Ken Cissna, and Marilyn Young. I think these discussions will produce initiatives that strengthen the organization and improve the services we provide to members.

I announced the call for papers for the Undergraduate Honors Conference in early September. It is available on the ssca website. Currently I am soliciting reviewers for the papers and planning a special session for the participants.
