

SSCA Submission Deadline Extension: October 30

Dear SSCA member,

We know that you have been hard at work polishing up your paper submissions and panel proposals for Southern and we are happy to see that work coming in. Based on suggestions from the hotel property (given their understanding of restrictions on gatherings in the state of Virginia), as well as the reality of many of our members' restrictions on/uncertainty about spring travel, SSCA is now exploring options for a hybrid conference. Given this change, we will **extend the submission deadline to 11:59 pm Eastern, Friday, October 30th**.

You can find division and interest group calls for papers/panels here: <https://www.scca.net/divisions> and here <https://www.scca.net/interest-groups>

You can continue to submit your work here: <https://www.xcdsystem.com/ssca/abstract/index.cfm?ID=7Zb2tA0>

Thanks for your patience and we navigate our way through the changing conference landscape.

Southern States Communication Association Executive Committee
