- III. Reports –
Bob stated he had attended several panels/sessions that the Community College Division hosted and that he had concerns as did Deborah that there were no chairs to facilitate the panels/sessions start, questions, etc. especially the GIFT sessions. Metcalf mentioned that only one call went out for GIFT sessions and that more information and calls needed to go out.
Bob stated we need to watch our Community College Division numbers because they are low.
Deborah stated we needed to promote the Community College Division and get more members. She mentioned maybe we could email SSCA members who work at a community college to join or make sure they are checking the Community College box each year.
Bob stated he hoped to see everyone next year in Tampa.
Suzie Osborne Education Award - Bob stated that \$10,000 was given for award. He said we need to nominate someone and can even self-nominate. Rick said he would email out criteria to everyone.
- IV. New Business –
Need to elect Secretary for 2015 -2016 and a vice chair. Nakia Welch was nominated as vice chair and Robin Bower was elected Secretary.
2015 Convention has an Art & Craft Theme. Our Division needs to work on sessions and panels. We need to open GIFT sessions to all members not just community college when we send out call for submissions. We also need to make sure everyone bring plenty of copies of their handouts. Maybe we need to have a Service Learning theme.
